

COOKIE POLICY

1. GENERAL INFORMATION

Daybat uses cookies and other monitoring files (hereinafter referred to as ‘cookies’) at www.daybat.co.uk (the “**Website**”). Cookies are small text files that are stored on your computer’s browser directory or your personal device. Cookies allow Daybat to store and to recover information about your use of the Website in order to improve the quality of the Service.

Additionally, cookies allow us to implement interactive services on the Website, such as the participation of the user or by simplifying the usability and the browsing through it.

You may disable the cookies at any moment by following the instructions in section 4 of this Policy. However, you should be aware that disabling cookies can limit your access to our services and the usability of our website.

2. TYPES, PURPOSE AND FUNCTIONING

Cookies used by Daybat can be classified under several criteria:

➤ **According to who manages the cookies**

Daybat’s cookies: these cookies are sent to your device from a system managed by Daybat. The information collected will be processed exclusively by Daybat.

Third-party cookies: these cookies have been written on to your device by a different website than Daybat. This information will not be accessible for Daybat.

➤ **According to its length or duration**

Session cookies: these are temporary cookies, which only exist until you close the website browser. These cookies are meant to improve your

experience on the Website, collecting information about your preferences and avoiding the need to re-enter the information you had previously provided.

Persistent cookies: these cookies are stored on your device and are read every time you access the Website. These cookies will remain on your device until they expire. Please be aware that all cookies have an expiration date, but the length of their lifetime depends on the type of cookie.

➤ **According to its purpose**

Technical cookies: these are cookies which allow you to browse through the Website and to use the different options and Services offered by Daybat. These cookies enable the communication between the website and your personal device, the access and identification of the user, the implementation of security measures, etc.

Analytic cookies: these cookies enable Daybat to quantify the number of users who visit the Website and how they use it. This information is used to conduct statistical analysis on the use of our Website.

Customization cookies: these cookies enable you the access to the Website with some settings established by default such as the language, the type of browsing and the regional configuration.

Functional cookies: these cookies support our Website function and its Services.

Tracking cookies: these cookies are used for marketing analysis. They allow Daybat to determine the efficacy of advertising materials on our site.

3. EXTERNAL WEBSITES

We inform you that other cookies may be stored on your device when you access any external website by using the links available at the Website. In this

regard, we encourage you to read the Cookie Policy of all external websites in order to obtain the information about these cookies and the purpose for which your data is collected. Daybat will not have access to the information collected by external websites and, therefore, will not be responsible for the processing of these data.

4. BROWSER SETTINGS

You can allow, block, or delete the cookies installed in your device by modifying the options available at the browser settings. You can get more information by clicking in the links below:
